[NICOLASOGARCIA.COM/CAMPIFY](#)

- Makes organizing a camping trip fun and easy!
- Built on Node.js, MongoDB, Ember.js, Bourbon.
- Collaborated with User Experience designer on scope/layout.

SoftSurv

[NICOLASOGARCIA/SOFTSURV](#)

- Create single-scoop surveys for your friends!
- Each survey can be shared via a unique public URL.
- Built on Node.js, MongoDB, and Bootstrap.

RezTailor

[NICOLASOGARCIA/REZTAILOR](#)

- RezTailor lets you easily tailor documents for specific needs by selecting modular sections from a master version.
- Rails/PostgreSQL back-end uses polymorphism to allow arbitrarily nested hierarchical document sections.

TicTacToe

[NICOLASOGARCIA/TICTACTOE](#)

- This simple game app requires user authentication and allows remote play between two players, updating the game state in real time in response to player activity.
